Ref. No. 1806-1 Hospitals

Station Madras , *Dated the* 23rd September 19 37

From (Name) Colonel N. M. Wilson, O.B.E., I.M.S.,

(Designation) Surgeon-General with the Government of Madras.

To The Secretary to the Government of Madras,

Education and Public Health Department.

Sir,

In their order No. Ms. 2247 E & P.H., dated 18-11-3 the Government have sanctioned temporarily for one year from 1-4-37 of the staff noted in the margin in the hospitals specified against each. The daily average number of in and out-door patients treated at the Hospitals is given below :-

(1) Headquarters Hospital, Mangalore - One Nursing orderly
(2) Lady Goschen Hospital, Mangalore - One Female Nursing Orderly One Female toty.

		In-door.	Out-door.
Headquarters Hospital, Mangalore	1934	99.97	368.79
	1935	115.20	364.95
	1936	118.34	430.70
(7 months)	1937	146.82	561.50

Lady

		In-door	Out-door
Lady Goschen Hospital	1934	77.73	209.41
	1935	77.05	206.52
	1936	87.84	313.54
	1937	98.38	286.50

The District Medical Officer, South Kanara, has asked for the permanent retention of the temporary staff with effect from 1-4-38 stating the following reasons:-

"The present strength of eleven permanent nursing orderlies for this hospital is inadequate considering the number of both in and outpatients. Out of the eleven nursing orderlies one is the theatre nursing orderly, two work in the outpatients and two are for night duty thereby leaving only six nursing orderlies for the wards with an average inpatient strength of 116 for 1936 and 146 for the first seven months of this year. Hence I request that the temporary post of nursing orderly already sanctioned for this official year may be made into a permanent one.

Regarding the additional staff for the Lady Goschen Hospital, I have to comment as follows:-

Out of the five permanent female nursing orderlies one does the theatre work, two go for night duty thus leaving two for day work in the medical and surgical and baby wards. The temporary nursing orderly sanctioned in G.O.No.Mis.2247 Edn. and P.H., dated 18-11-36 is now attending to the outpatients. In the circumstances, I request that the post of temporary female nursing orderly already sanctioned may be made into a permanent one.

Regarding toties only two are on the permanent sanctioned strength. Now if there are only two toties, one will have to be on day duty and one on night duty. With an inpatient daily average of 87 for 1936 and 98 for the first seven months of this year and with an outpatients daily average of 313 for 1936 and 286 for the first seven months of 1937 one toty for day duty is not at all sufficient. We are able to carry on the work simply because of the temporary toty sanctioned in the above quoted G.O. So I request that the temporary post of a third toty for the Lady Goschen Hospital may be made into a permenent one".

In

In the circumstances stated by the District Medical Officer, I recommend that the Government will be pleased to sanction the permanent retention of [one nursing orderly for the Government Headquarters Hospital and] one female nursing orderly and female toti for the Lady Goschen Hospital, Mangalore, with effect from 1-4-38. The extra cost involved during 1938-39 and the ultimate cost per annum will be Rs.504* and Rs.564* respectively.

Necessary provision will be included in Part I of Surgeon-General's Budget Estimate for 1938-39 for the continuance of these posts under "Temporary".

2 Nursing orderlies	15 x 12 x 2	=	360 0
1 Female toty	10 x 12	=	120 0
Bonus	2 x 12	=	24 0
			504 * 0
2 Nursing Orderlies	17½ x 12 x 2	=	420 0
1 Female toty	10 x 12	=	120 0
Bonus	2 x 12	=	24 0
			564 * 0

I have the honour to be,

Sir,

Your most obedient servant,

Colonel, I.M.S.,

Surgeon-General with the Government of Madras.

C.No. 17566 from the S.G.No.1806-1.H. d. 23-9-'37.

The G.G. recommends the permanent retention of the temporary posts of one female nursing orderly and one female toti sanctioned for the Lady Goschen Hospital Mangalore in G.O. No. 2247.P.H.d. 18-11-'36.

The sanctioned bedstrength of the hospitsl is 60. The daily average number of in-patients treated in the hospital during the past three years from 1934 has been 80.87. During 1937 the daily average number of in-patients treated in the hospital has been 98.38. According to the accepted scales this hospital is eligible for 8 nursing orderlies and 5 toties. At present ~~here~~ there are only 6 nursing ~~orde~~ orderlies (5 permanent and one temporary) and 3 toties (two permanent and one temporary). It will be seen from the statement that the daily average number of inpatients treated in the hospital has risen to 98 a da or by more than fifty per cent ~~more than~~ of the sanctioned bed - strength. In the circumstances there should be no objection in sanctioning the temporary posts ~~one~~ on a permanent basis. ~~If however that is not possible, the temporary posts may be sanctioned on a temporary basis~~

~~for a period of five years more at a stretch.~~ The remarks of the Finance dept, may be invited U.C.

Finance (E.II).

The proposal of Edn and P.H is to sanction the permanent retention of the existing temporary posts of one female nursing orderly and one female toti in the Lady Goschen Hospital, Mangalore.

p.1 above.

2. The two posts in question came into existence only very recently viz., from 1-4-37. According to para 3 of Memo.39612 (A) E.II -1 dated 9-1-37, proposals for making temporary establishments permanent, should not be taken up for consideration until the establishment has been in existence continuously for five years. Finance may suggest that the instructions in this para be strictly observed and the action to be now taken be restricted to the retention of the posts on their present temporary basis for a further period of one year.

Fin No. 34635 Sec-I
1-12-37

E.&.P.H. Dept.

Please see the Fin. dept. note at page 2 ante. They do not agree to the permanent retention of the temporary posts as these posts have not been in existence for a period of five years as prescribed in ~~&x~~ the Fin. Memo. at (X). It is therefore suggested that the posts may be continued on a temporary basis for a period of one year.

It is now for consideration whether the necessity for the continuance of these temporary posts should be examined every year through out ~~during~~ the period of their temporary continuance. The bedstrength of the hospital is only 60. The sanctioned number of beds have all been fully occupied since 1934. In 1938 the daily average number of patients treated in the hospital has risen to 98 - an increase by more than 50 per cent - the staff will therefore be required practically on a permanent basis. This dept. may therefore suggest that these posts may be continued on a temporary basis continuously during the remaining period of one year during which they have to continue on a temporary basis. It may be mentioned in this connection that such an arrangement has already been agreed to by Fin. dept. in connection with the continuance of the temporary post of S.A.S. sanctioned for the K.G.Hospital Vizagapatam for strengthening ~~&x~~ the staff of that hospital in connection with the regognition of the medical degrees ~~issued~~ grant by the Andhra University. ~~Attention is~~

also invited to the following remarks made by the Fin. dept. in connection with the permanent retention of certain temporary posts in the Headquarters Hospital, Coimbatore.-

> 'The staff in question will have been continuously in existence for 5 years on the 30th April 1938. As the sanctioned number of beds have all been fully occupied since 1934 and the staff will therefore be practically required/as a permanent basis measure, the proposal of the E.&.P.H. dept. to retain the staff on a permanent basis from 1-5-'38 may be accepted.'

~~In the circumstances~~ Finance will perhaps have no objection to the temporary continuance of the temporary posts continuously for the remaining period of one year during which they have to continue on a temporary basis. This arrangement will satisfy ~~also~~ the provisions of the Finance Memo. at No. 29612(A) E.II-I dated 9-1-'37. Subject to approval a draft order is submd to Fin. for acceptance

20-12-37

we may agree with Fin.
